

CERTIFICATE OF ANALYSIS

PRODUCT NAME 4-Aminobutyric-2,2-d₂ Acid
PRODUCT NO. D-1731
LOT NO. B564P22
DATE: November 2013

N.M.R.

Specification: 98 atom % D

Result: 99.2 atom % D

HPLC:

Specification: 98% chemical purity

Result: >99% chemical purity

Melting Point:

188-189°C (dec)

A handwritten signature in black ink, appearing to read 'Ying Cao', is positioned above a horizontal line.

Ying Cao, MSc
Quality Control Manager

Expiration: *Stable for three years after receipt of order if stored under recommended conditions (see section 7 of MSDS). After three years, the compound should be re-checked for chemical purity before use.*
